

The Annual Meeting

- **To be held at the Lion's Den in Cooper's Mills.** (located on old rte. 17 by-pass, it's the next building before Sheepscot Valley Health Center. This by-pass can be accessed from the east from Jefferson Village by the turn-off to the right just west of Peaslee's Quik Stop, or from Windsor, from the road on the left west of the Country Corners Grocery Store. If coming north from Whitefield on Rte 218, go straight across 17 and turn left.)
- **Saturday, August 4th, starting at 3:00PM**
- **Schedule:**
 - 3:00 PM - Meeting Starts
 - 4:30 PM – Potluck dinner starts

If you're willing to help with setup or clean up, please call Arolyn at 549-7694 or Frances at 549-3955.

Please bring food for the Potluck, and a lawn chair. The Association will provide coffee, tea, and soft drinks and paper plates. In accordance with CLA bylaws, no alcohol is allowed.

MUSICAL TREAT!! As a special treat, the musical mother and daughter duo, Joni and Elizabeth Jones, will be performing at the dinner and annual meeting. Because this is Jefferson's bicentennial year, their music will include selections of patriotic and folk-songs. Joni is the music teacher at Whitefield Elementary and has been a life-long musician,

beginning her musical career in the sixth grade. She plays both wood and brass wind instruments. Elizabeth will be entering San Jose University in CA this fall as part of a music exchange program with USM. Elizabeth, primarily a violinist, also plays piano and clarinet. Both women are popular and gifted musicians in the Lincoln County area and we are delighted that they will be with us.

Loon News

The loons are back, and the pair is large but no word yet on any nests. Arolyn Antognoni will do the annual loon count on July 17 – the date set by the Audubon Society

Lake Readings

As of 6/27/06, David Hodsdon and Jack Holland report the following readings:

Secchi disk: 12.8 ft.

Dissolved oxygen: 9 ppm – at surface; 7 ppm at 13 ft. and 2 ppm at 26 ft.

Water temperature was 74 degrees at the surface and 59 degrees at the bottom.

Lake water quality, clarity and color were normal.

These reading were typical for this time of year.

The water level was approximate 17 inches below the top of the dam.

Clary Lake Sweatshirts!

Sweatshirts with this beautiful stitched design will be available at the meeting. Cost to members is \$15 and \$20 for non-members.
