Clary Lake Association  
PO Box 127  
Whitefield, ME 04353

Dear Association Members,

Thank you for your donation to Lake Stewards of Maine (LSM)! Contributions from lake and regional associations truly make a difference in the training and support that LSM provides to our volunteer lake scientists and their lake communities. Your donation also helps to support the educational resources and services that LSM offers to Lake Stewards and the general public, including our webinar series *Fridays at 4 for Maine Lakes*, LSM's Lakes of Maine website ([www.LakesOfMaine.org](http://www.LakesOfMaine.org)), our free 'Suspicious Aquatic Organism' identification service, and the recently launched *Maine Field Guide to Aquatic Phenomena* app (found in Apple and Google app stores). Interest in lake stewardship activities increases through our efforts to engage and inform Maine lake users, which ultimately benefits your lake.

Please invite your community to join us in celebrating 50 years of Maine lake monitoring! Visit our special 50<sup>th</sup> Anniversary webpage for details on webinars, workshops and events that will be taking place throughout the year, [www.lakestewardsofmaine.org/lsm-50th-anniversary](http://www.lakestewardsofmaine.org/lsm-50th-anniversary).

Thank you again for supporting Lake Stewards of Maine!

Sincerely,

many thanks!  
S.

Scott Williams  
LSM Executive Director
